REPORT OF ... Ray Nelson .....
SEMESTER ENDING .... May 28, 1943 .....
GRADE .. 8a .....
TEACHER .. Ella Constance .....
SUPERVISING TEACHER .. Susan Christian

The aim of our school is to help your child develop his abilities to the fullest extent. The grades and the markings on the inside of this report will show you just what progress your child is making.

The class grade listed above is the grade classification in this school. All new pupils are placed in the classes in which they are best able to progress, regardless of prior school attendance. Pupils who graduate from this school will have completed tenth grade work of the public school. To find an accurate comparison with public school grades, just deduct the grade by two, for example, 5th grade is the same as public school 3rd grade, 8th grade is the same as public school 6th grade, and sophomore work is the same as public school 8th grade.

Please return this card at the end of the quarter. You may keep it at the end of the semester.
